The Project

Name

Plainfield Animal Hospital

Location

South Plainfield, New Jersey

Client

Dr. Scott Linick, DVM, FAVD

Scope

2 Stories / 8,518 Square Feet

Budget

\$2.25 Million

Project Description

This new Animal Hospital includes a glass enclosed two story atrium with a custom designed reception desk. There are six exam rooms which are supported by a large treatment area and specialized wards for dogs, cats and exotic animals. A conference room, offices and support areas for the doctors and staff are located on the second floor, with views into the atrium and waiting area below.

Special Consideration

The building includes a dedicated dentistry suite, separate surgery suite, an intensive care unit, an x-ray suite, and an isolation ward for housing infectious patients.
